

OUR DOCTORS

Dr Jeffrey Tu

MBBS, FRACP

Gastroenterologist

Dr Jeffrey Tu graduated from University in 2002. He became a Fellow of the Royal Australasian College of Physicians in 2010 after completing advanced training in gastroenterology. He subsequently undertook an advanced therapeutic endoscopy fellowship at the Prince of Wales hospital.

Dr Jeffrey Tu has extensive experience in performing gastroscopy, colonoscopy and capsule endoscopy, and is accredited to undertake these procedures by the Gastroenterological Society of Australia. He offers therapeutic procedure such as EMR polyp removal, trans colonic antibiotics infusion in the treatment of intestinal parasite and infrared coagulation therapy of internal haemorrhoid.

Dr Jeffrey Tu's clinical interest is the investigation and management of Irritable bowel syndrome (IBS). He runs a state-of-the-art breath testing lab which investigates IBS triggers including dietary intolerance and small intestinal bacterial overgrowth.
