

OUR DOCTORS

Dr Edwin Figueira

**MBBS, MSc (Ophthalmic Pathology), MS (Ophthalmology),
FRANZCO**

*Oculoplastic, Lacrimal & Orbital Surgeon &
General Ophthalmologist*

Dr Edwin Figueira is an Oculoplastic, Lacrimal (Tear duct) and Orbital surgeon. He completed his Australian ophthalmology training at the Prince of Wales Hospital in Sydney.

Dr Edwin Figueira went on to sub-specialise in Oculoplastic (Eyelid/ eyelid tumors/ Thyroid eye disease) surgery, tear duct surgery (endoscopic lacrimal surgery) and Orbital (eye socket) surgery at the Royal Adelaide Hospital. Dr Figueira has extensive subspecialty expertise in minimal incision eyelid surgery, endoscopic tear duct surgery and endoscopic orbital surgery.

He has published widely in peer reviewed medical journals in the field of oculoplastics. He has presented various internationally collaborated studies on eyelid and orbital and tear duct conditions in Australian and International Ophthalmology and Ophthalmic Plastic surgical conferences. Dr Figueira has numerous first author publications in a range of internationally renowned Ophthalmology journals. Dr Figueira consults at our Penrith and Castle Hill rooms.
